

NAREN ROY

Full Stack Software Developer

+91 7864066694 — narensarkar607@gmail.com — LinkedIn — GitHub

Professional Summary

Full Stack Software Developer with experience building web and mobile applications, with a strong focus on interactive frontend development, GSAP animations, WebGL, and immersive web experiences. Experienced with React.js, Next.js, React Native, TypeScript, Node.js, and modern frontend technologies.

Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript
- **Frontend:** React.js, Next.js, React Native, HTML5, CSS3, Tailwind CSS, Responsive Web Design
- **Animation & Graphics:** GSAP, ScrollTrigger, Three.js, WebGL, GLSL
- **State Management:** React Hooks, Context API, React Router, TanStack Query
- **Backend:** Node.js, Express.js, REST APIs, WebSockets, Socket.IO
- **Databases:** MongoDB, PostgreSQL, MySQL, Firebase
- **AI & Development:** Gemini API, LangChain.js, LangGraph, AI-Assisted Development
- **Tools:** Git, GitHub, Postman, Docker, Figma, Vercel, Netlify

Experience

Software Engineer

Jul 2026 – Present

Fordel Studios (A Yellowchalk Company), India

- Contributed to building a high-scale OTT platform with interactive and performance-focused frontend experiences using React.js and Next.js.
- Leveraging AI-assisted development workflows to accelerate development, optimize code, and improve engineering efficiency.

Associate Developer

Aug 2025 – Feb 2026

Appycodes Technologies LLP, India

- Developed and maintained production applications for pharmaceutical and healthcare clients, supporting multiple users and client-specific workflows.
- Built features across mobile applications, social-media platforms, and admin panels using React Native, React.js, and REST APIs.
- Worked on scalable, responsive interfaces and optimized application performance while collaborating with teams through Git/GitHub.

Full Stack Developer Intern

Dec 2024 – Jan 2025

Edunet Foundation, India

Open Source Contribution

OpenScreen – Open Source Contribution

GitHub

- Contributed to OpenScreen, an open-source screen recording and product-demo application.
- Added accessibility improvements by adding labels to recording controls for assistive technology.

Projects

The Darjeeling – Interactive Storytelling Website

Live

- Built an interactive storytelling website using React.js, WebGL, and advanced frontend animations with a focus on immersive design, performance, and user experience.

Education

Diploma in Computer Science and Technology

2023 – 2026

Siliguri Government Polytechnic

- **Overall CGPA: 9.2/10** — Core Member, College Coding Club
- Mentored and helped junior students get started with programming and software development.

Hackathon: Hackathon Participant, Sheryians Coding School, 2025 – View Certificate
